

THE FOLLOW UP - OPPORTUNITY

Use the script below for people that have seen a webinar or heard a conference call:

Based on what you have heard, do you want to be apart of what we are doing?

If Yes or Maybe:

The reason I am calling you is I wanted to **GIVE** you one of the positions I will be placing people below. If you would like to do that, let's get you positioned NOW.

If you have some questions let's get them answered so that the people that I will be bringing in fall below you.

The benefit to you is that every person that falls below you, you'll earn weekly and monthly earnings from everything their team does.

So do you want these people above you or below you?
